9.20.00400.04

TSG V4 400 Lift Door Operator universal kit

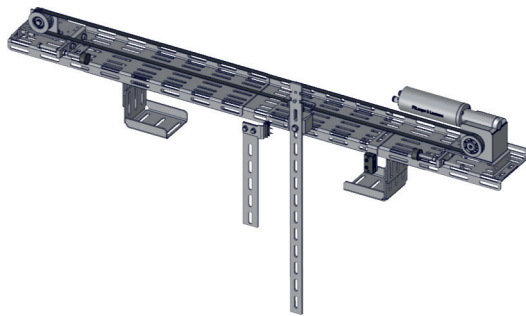

inclusive TSG V4 electronics, TSG motor, timing belt and brackets.

9.20.00480.04

TSG V4 400 Lift Door Operator universal kit

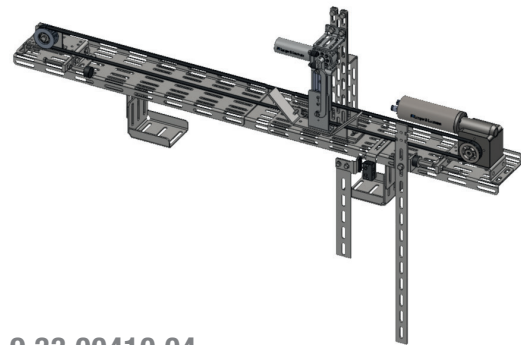

inclusive TSG Sinus Drive, TSG V4 electronics, TSG motor, timing belt and brackets.

9.33.00400.04

TSG V4 400 Lift Door Operator Vario kit

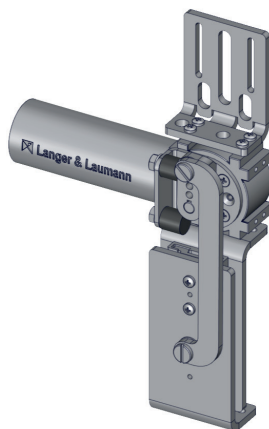

inclusive TSG base plates for individual door width adaption, TSG V4 electronics, TSG motor, timing belt and brackets.

9.33.00410.04

TSG V4 400 Door Operator Vario kit

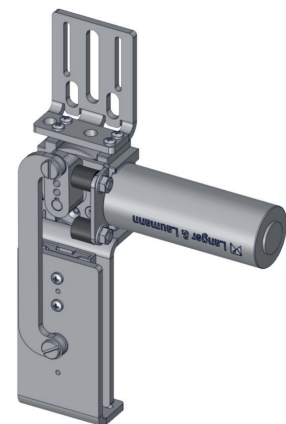

inclusive TSG Sinus Drive, base plates for individual door width adaption, TSG V4 electronics, TSG motor, timing belt and brackets.

8.20.83111

TSG Sinus Drive left hand

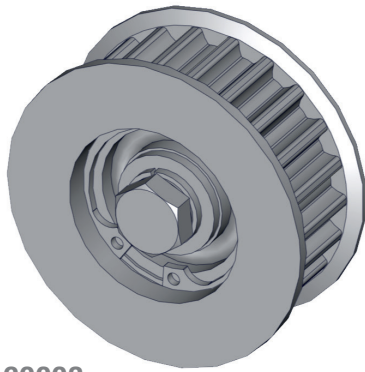

for interlock or coupler operation.

8.20.83112

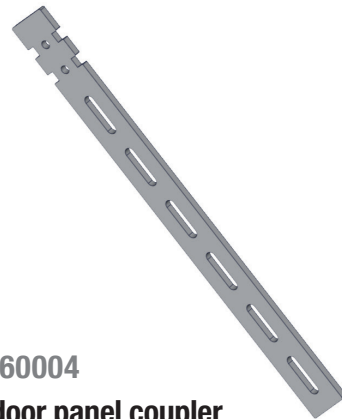

TSG Sinus Drive right hand

for interlock or coupler operation.

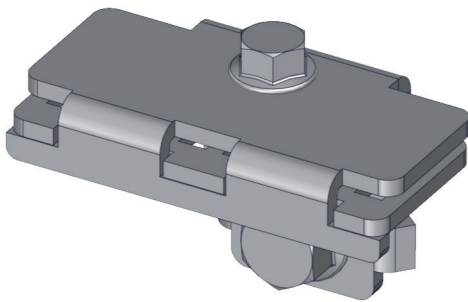

1.20.60003
TSG counter roller

standard

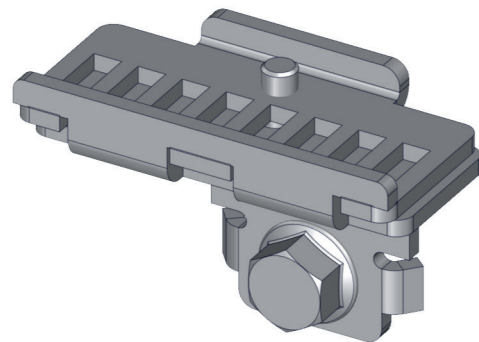

1.20.60004
TSG door panel coupler

standard

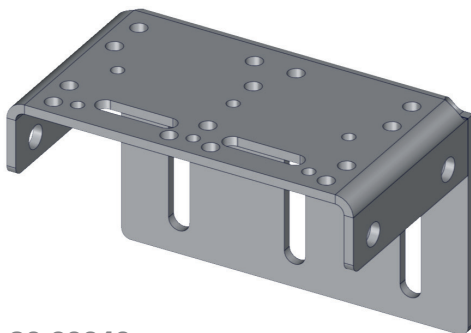

1.20.60005
TSG timing belt lock, steel

standard

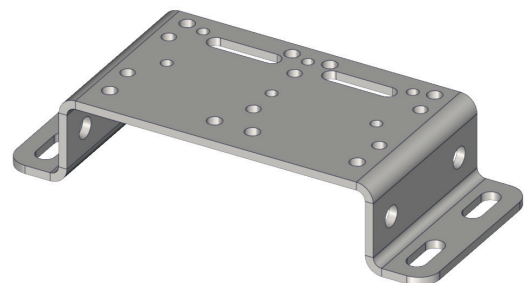

1.20.60007
TSG timing belt lock, steel

mirror image

1.20.60040
TSG universal bracket

for fixing TSG 200 or 400 motor or counter roller

1.20.60060
TSG universal bracket, version „hat“

for fixing TSG 200 or 400 motor or counter roller

8.20.81521
TSG Easy Connection
reversing contactor circuit

Connection set for controlling the TSG V4 electronics via an existing reversing contactor circuit of a three-phase motor.

8.20.81540
TSG Easy Connection Miconic MX-GC

Connection set for controlling the TSG V4 electronics via the existing Schindler Miconic MX-GC lift controller

8.20.81545
TSG Easy Connection
Miconic BX (IVB20/DOD2)

Connection set for controlling the TSG V4 electronics via the existing Schindler Miconic BX (IVB20/DOD2) lift controller

8.20.81560
TSG Easy Connection wide-range voltage

Potential-free connection to a lift controller. The pre-wired connection box can be wired with signals between 10V and 250V (DC and AC).

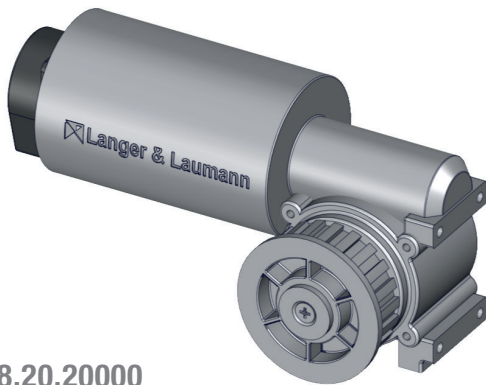

8.20.81500
TSG Easy Connection basic

Universal connection set for power and signals. Inclusive cable, connecting clamps, cable ties.

8.20.81510
TSG Easy Connection duo box

Universal connection of two TSG V4 electronics.

8.20.20000

TSG 200 motor left hand

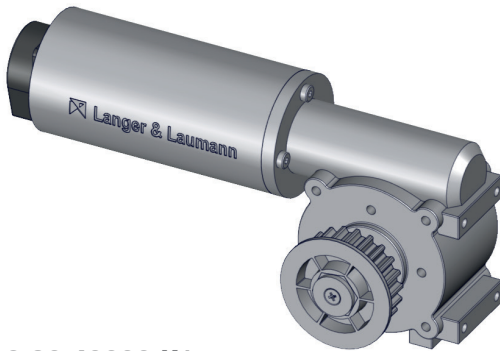

inclusive timing belt pulley, encoder and cable,
for use up to a maximum weight of 200 kg.

8.20.20001

TSG 200 motor right hand

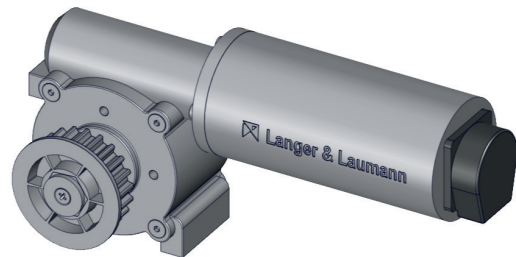

inclusive timing belt pulley, encoder and cable,
for use up to a maximum weight of 200 kg.

8.20.40000.K1

TSG 400 motor left hand

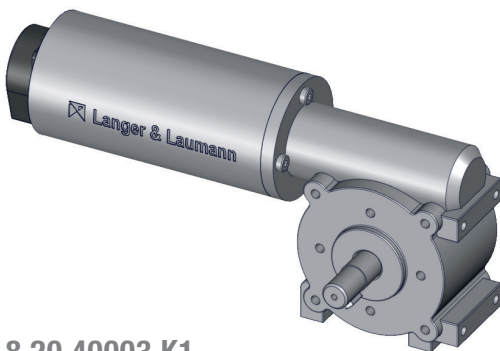

inclusive timing belt pulley, encoder and cable,
for use up to a maximum weight of 400 kg.

8.20.40001.K1

TSG 400 motor right hand

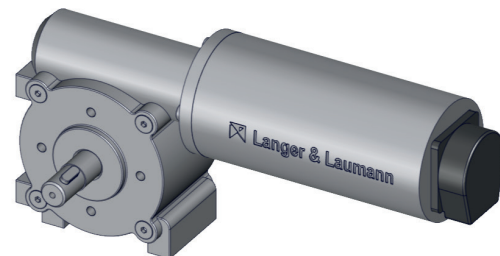

inclusive timing belt pulley, encoder and cable,
for use up to a maximum weight of 400 kg.

8.20.40003.K1

TSG 400 motor left hand

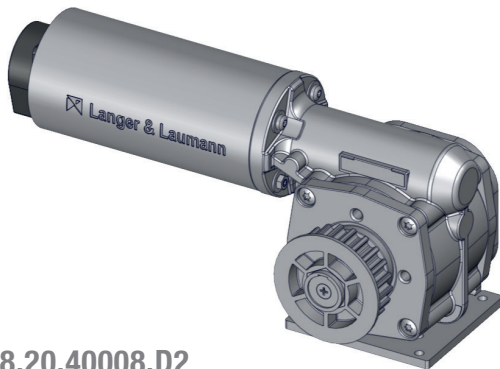

exclusive timing belt pulley, encoder and cable,
for use up to a maximum weight of 400 kg.

8.20.40002.K1

TSG 400 motor right hand

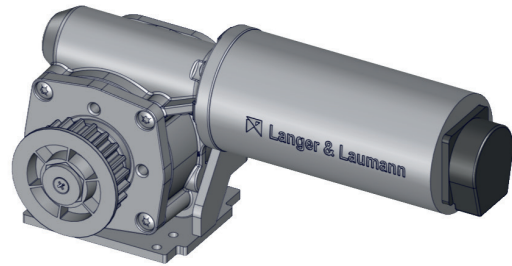

exclusive timing belt pulley, encoder and cable,
for use up to a maximum weight of 400 kg.

8.20.40008.D2

TSG 400 motor left hand

for AT25, inclusive timing belt pulley, encoder and cable, for use up to a maximum weight of 400 kg.

8.20.40009.D2

TSG 400 motor right hand

for AT25, inclusive timing belt pulley, encoder and cable, for use up to a maximum weight of 400 kg.

8.20.84000.K1

TSG 400 in EX ATEX

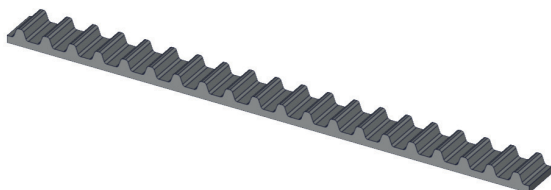

according to 2014/34/EU, inclusive encoder and cable, for use up to a maximum weight of 400 kg.

8.20.70050

TSG Webinterface

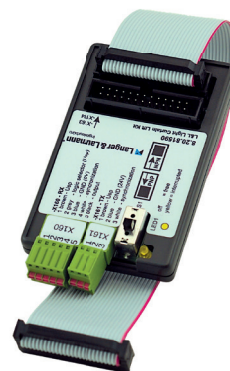

inclusive WLAN-router for easy connection to smartphone, tablet or laptop

8.20.60002.X

TSG timing belt

in various lengths in stock

8.20.81590

TSG Easy Connection light curtain

Plug and Play adapter for connecting a light curtain to a L&L door control unit TSG V4 (min. Firmware 4.61.32).
